

Stakeholder Meeting: March 21

Date: 2024-03-21

In attendance:

- Aesha
- Tony
- Matthew
- Zander

With regrets:

- Jesse
- Mitchel
- Quinn
- Trang

Minutes:

- Column max size
 - Hardware limit
 - Try to push it on the oculus and see where it crashes
 - Otherwise 200,000 data points is around where we're going to have to live
 - Double-point precision.
- Review of new UI components
- Display missing data (global setting not per axis) for initial data label
- Panels facing the user in space
